

Base for DZ+SS

Portable base (stand) can be used as stable holder of portable traffic signs or signalling light devices.

- > hot-dip galvanized steel construction
- > thinned construction at the bottom of the vertical poles for enhanced safety (controlled bending in a crash)
- > one or two poles of 40x40mm can be placed
- > the particular number of HIT bases provide the stability of the base

TECHNICAL DATA

Dimensions (WxHxL)	440x400x1650mm
Weight	18kg
