

Portable base with battery box for DZ+SS

Portable base (stand) can be used as stable holder of portable traffic signs or signalling light devices.

- > hot-dip galvanized steel construction with wheels, brake and lockable battery box
- > thinned construction at the bottom of the vertical poles for enhanced safety (controlled bending in a crash)
- > one or two poles of 40x40mm can be placed
- > the battery (up to 230Ah) provides stability of the base
- > thanks to its wheels, the base can be moved over short distances without the necessity to dismount the traffic signs or the traffic device

TECHNICAL DATA

Dimensions (WxHxL)	720x500x1100mm
Weight	28,5kg

PODSTAVEC JE SCHVÁLEN MD ČR
PRO POUŽITÍ NA KOMUNIKACÍCH
